Spectrum Baroque™ is a modern version of hand-blown “reamy” antique glass. By slowly stirring together glasses of carefully mismatched compositions, we create a “conflict” that manifests in a dimensional swirling texture and vivid color contrast. Dynamic and artful, the Baroque texture is unique among art glasses and available exclusively from Spectrum.

We've taken great care to present our glass as true-to-life as possible. Since computer monitors and printers vary widely, and may not reliably portray the glass or its color, please use this sheet as a reference tool only. You may want to consider purchasing a glass Sample Set for selecting just the right glass for your projects.

Denotes glass is available with an Iridescent coating.
