

# Clear Textures

Texture is the personality of art glass, suggesting dimension, depth and contrast. In clear glass, texture is also useful for achieving varying degrees of privacy, while adding elegance and richness to living and working environments. Spectrum's assortment of Clear Textures ranges from quite transparent to very obscure, and offers a unique selection of character and pattern from which to choose. All clear textures are available with an Iridescent coating. (Stock numbers add "I/" prefix.)

**100K**  
Krinkle

**100SN**  
Satin

**100SFS**  
Smooth

**100Flute**  
Flute (Image shows a quietly distorted winter tree.)

Vecchio

**100HS**  
Hammered Small

**100RW**  
RainWater

**100Crackle**  
Clear Crackle

We've taken great care to present our glass as true-to-life as possible. Since computer monitors and printers vary widely, and may not reliably portray the glass or its color, please use this sheet as a reference tool only. You may want to consider purchasing a glass Sample Set for selecting just the right glass for your projects.
