

# SilverCoats™

We've taken unique art glass products, added a bright, reflective silver-coat to one side, and turned specialty glasses into shimmering super-specialties — perfect for projects that demand brilliance! Reflect a rainbow of color and texture with SilverCoats.

*We've taken great care to present our glass as true-to-life as possible. Since computer monitors and printers vary widely, and may not reliably portray the glass or its color, please use this sheet as a reference tool only. You may want to consider purchasing a glass Sample Set for selecting just the right glass for your projects.*
