Pale Gray

518-2SF
Antique Bronze

152SF and 152S
Ruby Red

We've taken great care to present our glass as true-to-life as possible. Since computer monitors and printers vary widely, and may not reliably portray the glass or its color, please use this sheet as a reference tool only. You may want to consider purchasing a glass Sample Set for selecting just the right glass for your projects.

*T*ransparent glasses boast their color in all manner of transmitted light. These simple glasses are the foundation of traditional glasswork, and are available in a selection of color and texture that is unmatched, anywhere.

Smooth as Spectrum: Nearly texture-free, Spectrum Smooths are a classic choice in every segment of the glass arts. Smooths are denoted by either an "S" or "SF" suffix to the stock number (many are available as both).

132SF and 132S
Light Blue

130.8S, 130.8SF and I/130.8SF
Pale Blue
